WISCONSIN FIELD OFFICE TECHNICAL GUIDE
NOTICE FOTG WI-6

The following revisions to the Wisconsin FOTG have been posted on the Wisconsin e-FOTG website:

Section II

- Classification of Conservation Practice Effects on Cultural Resources (dated 8/03)

Section III

- National and State Resource Concerns and Quality Criteria

Section V

- Conservation Practice Physical Effects (CPPE) Worksheets

Section II

The Classification of Conservation Practice Effects on Cultural Resources has been revised to change the classification of Practice 645, Wildlife Upland Habitat Management to a situational classification. This practice is exempt in a previously disturbed or plowed area; however, a cultural resources review is now required in a previously undisturbed area or if ground disturbance will occur below the plow zone."

Please replace these pages in the Wisconsin Cultural Resources Compliance Information booklet.

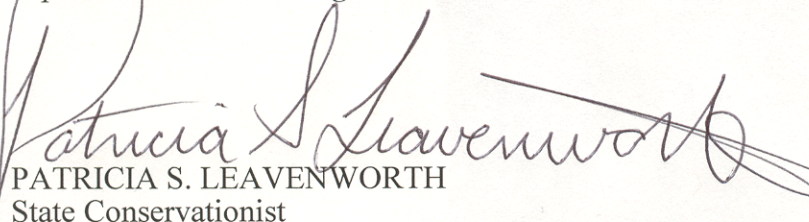

Section III

The National and State Resource Concerns and Quality Criteria have been revised to match the national template. The revisions were made to prepare for implementation of the Conservation Security Program.

Section V

The Conservation Practice Physical Effects (CPPE) Worksheets have had revisions to the "Cultural Considerations" section in order to reflect the most current Classification of Conservation Practice Effects on Cultural Resources from Section II.
